

## Wounded Warrior

### V1

Into the battle field  
Romantic notion for sure  
Enters the innocent  
Kindreds but innocent no more

### V2

Out comes the warrior  
Savaged by war  
Limbs blown asunder  
And their friends are here no more

### CHORUS

Wounded warriors – **I AM**  
Hero's of our time  
Their courage undenied  
Struggling spirits to stay alive

Wounded warriors – **I AM**  
Trapped inside their own minds  
Walking the path to Valhalla  
With the kindred by their side

Wounded Warriors/8

### V3

It's hard to be strong sometimes  
When the world has forgotten you  
But even harder more  
Is what the mirror has instore

**Yes I must look harder  
Deep within your soul  
I sacrificed this man for you  
That's who I am**

### CHORUS

Wounded warriors– **I AM**  
Hero's of our time  
Their courage undenied  
And spirit that stays alive

Wounded warriors – **I AM**  
Locked inside their own minds  
Walking the path to Valhalla  
With the kindred spirits by their side

Wounded Warriors/8 – **I AM**
